

Our Earth, Our Ethics

Cultivating a Sustainable Environment

Our Earth, Our Ethics

[Another Turn of the Crank: Essays](#)

by Berry, Wendell

333.7 BER

A collection of essays concerning the order and harmony of the earth and its inhabitants.

[Apollo's Fire: Igniting America's Clean-Energy Economy](#)

by Inslee, Jay

333.7909 INS

To free the U.S. of fossil fuel dependency while boosting the economy, we need the kind of visionary leadership that led to the Apollo moon landings in 1969.

[Big Green Purse: Use Your Spending Power to Create a Cleaner, Greener World](#)

by MacEachern, Diane

333.72 MAC

A guide to using the power of your pocketbook to solve the environmental crisis.

[Cadillac Desert: The American West and its Disappearing Water](#)

by Reisner, Marc

333.91 REI

The story of the American West is the story of a relentless quest for a precious resource: water. This is the story of the early settlers, lured by promises of paradise. The author documents the rivalry between government giants and other institutions, in the competition to transform the West, and projects on the future problems of limited groundwater reserves, silting up of reservoirs, and contamination of soil.

[Earth Odyssey: Around the World in Search of our Environmental Future](#)

by Hertsgaard, Mark

363.7 HER

An ambitious report on the global environmental crisis.

[Earth, the Sequel: The Race to Reinvent Energy and Stop Global Warming](#)

by Krupp, Fred

621.042 KRU

Reveals how the world can harness the capabilities of capitalist nations in order to address key environmental and economic challenges.

[Earth Under Fire: How Global Warming is Changing the World](#)

by Braasch, Gary

OVERSIZE 363.7387 BRA

A thorough overview of the current state of global warming, from a ground-level definition to stunning images of its effects.

[Eco-economy: Building an Economy for the Earth](#)

by Brown, Lester Russell

333.7 BRO

Eco-economic theory calls for harmony between our economy and natural resources.

[Ecological Design](#)

by Van der Ryn, Sim

333.72 VAN

A landmark volume on green design and sustainability planning.

[Ethical Markets](#)

by Henderson, Hazel

338.927 HEN

An optimistic overview of socially responsible, environmentally sensitive businesses, investors and visionaries.

[The Flip: Turn Your World Around](#)

by Rosen, Jared

303.372 ROS

Interviews and wisdom from leading thinkers and visionaries.

[Global Warning](#)

by Brown, Paul

OVERSIZE 363.7387 BRO

Examines the potential ramifications of long-term climate change on the planet's ecosystems and human society.

[Greasy Rider: Two Dudes, One Fry-oil-powered Car, and a Cross-country Search for a Greener Future](#)

by Melville, Greg

917.3049 MEL

Describes the cross-country odyssey of a freelance journalist and his college buddy in a dilapidated 1985 Mercedes diesel station wagon powered on vegetable oil collected from restaurant grease and dumpsters along the way.

[Green Chic: Saving the Earth in Style](#)

by Matheson, Christie

333.72 MAT

Want to go green without giving up great style? Welcome to the world of Green Chic.

[The Green-Collar Economy: How One Solution Can Fix Our Two Biggest Problems](#)

by Jones, Van

363.7 JON

Illustrates the link between the struggle to restore the environment and the need to revive the US economy.

[Green, Greener, Greenest: A Practical Guide to Making Eco-smart Choices a Part of Your Life](#)

by Bongiorno, Lori

333.72 BON

A guide to help readers decide how to best spend their time and money to protect the environment.

[The Green Guide: The Complete Reference for Consuming Wisely](#)

by Green Guide ,

304.2 GRE

This comprehensive guide provides concepts and choices for Earth-conscious living.

[Hell and High Water: Global Warming](#)

by Romm, Joseph J.

363.7387 ROM

A provocative critique of America's current environmental and energy policy. <div class="clear"></div>

[An Inconvenient Truth: The Planetary Emergency of Global Warming and What We Can Do About It](#)

by Gore, Albert

363.7387 GOR

The former vice-president details the factors contributing to the growing climate crisis, and discusses the shift in environmental policy that is needed to avert disaster.

[Listening to the Land: Conversations About Nature, Culture, and Eros](#)

by Jensen, Derrick

304.2 JEN

Conversations with environmentalists, theologians, Native Americans, psychologists, and feminists, engaging some of our best minds in an exploration of more peaceful ways to live on Earth.

[Living Like Ed](#)

by Begley, Ed

333.72 BEG

Quirky actor and environmentalist Ed Begley Jr. outlines his frugal but fun earth-hugging approach to living.

[Nature's Operating Instructions: The True Biotechnologies](#)

by Ausubel, Kenny

333.95 NAT

This engaging collection of essays explores the possibilities for eco-consciousness to infiltrate and transform the industrial economy.

[The Newman's Own Organics Guide to a Good Life](#)

by Newman, Nell

640 NEW

Offers practical suggestions on how to change one's life to improve the quality of the environment around oneself.

[Our Ecological Footprint: Reducing Human Impact on the Earth](#)

by Wackernagel, Mathis

333.7 WAC

Presents an exciting and powerful tool for measuring and visualizing the resources required to sustain households, communities, regions, and nations.

[The Population Explosion](#)

by Ehrlich, Paul R.

304.6 EHR

Describes the detonation of and fallout from the overpopulation of the Earth, and calls for a last-minute effort to take control of our destiny.

[Radical Simplicity: Small Footprints on a Finite Earth](#)

by Merkel, Jim

304.2 MER

A practical, personal answer to twenty-first century challenges.

[The Redwood Forest: History, Ecology, and Conservation of the Coast Redwoods](#)

by Noss, Reed F.

634.9758 RED

Offers a case study for ecosystem-level conservation of the coastal redwoods.

[Silent Spring](#)

by Carson, Rachel

363.7384 CAR

The classic environmental study that discusses the reckless annihilation of fish and birds by the use of pesticides and warns of the possible genetic effects on humans.

[True Green @ Work: 100 Ways You Can Make the Environment Your Business](#)

by McKay, Kim

363.7009 MCK

Offers tips and suggestions to promote environmentally friendly practices among managers and employees in the workplace.

[Wisdom for a Livable Planet](#)

by McDaniel, Carl N.

333.72 MCD

The visionary work of Terri Swearingen, Dave Foreman, Wes Jackson, Helena Norberg-Hodge, Werner Fornos, Herman Daly, Stephen Schneider, and David Orr discusses and clarifies issues ranging from climate change to the need for "rewilding" to restore biodiversity.

[Worldchanging: A User's Guide for the 21st Century](#)

by Steffen, Alex

333.7 WOR

Provides information about environmental issues and technology, ranging from the home, workplace, and community, to social, cultural, and political arenas, and offers tips and advice to promote environmentally sustainable practices.
