

* Let's make a clothespin fish! You can pin them anywhere! Here, there, and everywhere!

Clothespin Fish

Instructions

1. Design your own fish on a blank cardstock paper.
2. Make sure to draw a 'mouth' for your fish that goes across its whole body. That will be where you cut it.
3. Draw an eye or add a tiny googly eye.
4. Carefully cut the entire 'mouth' line.
5. Attach your fish to the clothespin with glue.
6. Add other embellishments as desired.
