

Accordion Bugs

Instructions

1. Choose two colors of paper for your accordion bug
2. Start by gluing 1 strip of each color together at the ends to make an V
3. Once the ends are glued together start folding one paper over the other
4. Once you've used all your paper, tape down the ends
5. Make a face for your bug
6. Use white paper to make wings
7. Use any scrap paper to make antennae
