RE: CONTINUE READ TO ME GRANT PROJECT

RECOMMENDATION: That by motion the Library Joint Powers Authority Board authorize the Director of Libraries to sign a contract with the First 5 Commission of Santa Cruz County for continuation in FY 2006-07 of a modified *Read to Me* Grant Project.

BACKGROUND:

The First 5 Commission has agreed to fund a continuation of the Library's highly successful **Read to Me** project in the amount of \$43,865. As the Board knows, this amount is a significant reduction from past grants, and is requiring that the RTM staff be shifted to the regular library operating budget, and project services be reconfigured to circulate the reader kits, and expand services to parents.

Contract negotiations will be conducted on June 5, 2006. Staff will provide the Library Joint Powers Board with copies of the *Read to Me* scope of work and budget when they have been approved by the First 5 Commission staff.

Jennifer Smith Janis O'Driscoll Santa Cruz Public Libraries 1543 Pacific Ave Santa Cruz, CA 95060

Dear Jennifer and Janis,

Congratulations! We are pleased to announce that First 5 Santa Cruz County has approved a grant to Santa Cruz Public Libraries in the amount of \$43,865 in the result area of Increased Early Literacy Skills. We look forward to working with you to ensure that Santa Cruz County's youngest children are healthy, in strong families and are ready to succeed when they enter school.

We are holding contract negotiations on June 5th to work on the details of your contract with First 5 for the period July 1, 2006 – June 30, 2007. Please bring your revised scope of work, budget and budget narrative to this meeting, scheduled from 9-10 am. We will send out contracts for official signature by June 30th with an expected return of contracts by July 7th via mail or delivered to our office.

There will be an orientation/kick-off for the new funding cycle sometime in late July where topics such as data collection and reporting will be discussed. The date and place for this mandatory orientation will be announced next week through email.

Once again, congratulations. We are excited about the outcomes outlined in your proposal and look forward to our continued partnership!

RE: REQUEST NO PICK-UP FINE

RECOMMENDATION: That by motion the Library Joint Powers Authority Board authorize the Director of Libraries to work with staff to devise a system whereby library patrons who fail to pick up a requested item are not charged the \$2.50 Request No Pick-up fine for the first instance, but are charged the fine for subsequent failures to pick up requested items.

BACKGROUND

The Library System will handle an estimated 204,276 requests by library patrons during the current fiscal year. A request is an item we move from one branch to another on a patron's behalf, or one we borrow from another library via interlibrary loan. Of this number, we anticipate that about 5.7% (11,644) will not be picked up by the patrons who requested the item. This is the same "request no pick-up" rate as in FY 2004-05.

In FY 2003-04 the "request no pick-up" rate was 7.5%, and the previous year 8%, We attribute the current lower level to the re-imposition of a \$2.50 fine for failing to pick up a request. The justification for the fine is cost to the Library System to move materials around, and the fact that an item in the request system is not available for use by another patron.

However, the \$2.50 fine is extremely unpopular with patrons (who don't understand it, no matter how it is explained), and also with staff (who take the abuse of patrons who don't want to have to pay).

At Staff Day it was suggested that we get rid of the fine altogether. Management is reluctant to recommend this because we do not want to see the no pick-up rate rise again. 7.5% of 204,276 items would be more than 15,300 items.

Staff have also suggested a compromise: that we give patrons one free "no pick-up," noting the failure on their patron record. If they do not pick up a request a

second time, they are charged the \$2.50 fine. We would also improve our explanations to the public by developing a handout explaining the fine and the reasons for it that would be given to all patrons making requests.

Nothing is ever simple, of course. Procedures for entering the "first offense," tracking subsequent failures etc, will need to be developed.

Staff is recommending that the Board authorize that this work be undertaken, with the objective of having a new procedure in place as soon into July as possible. It would be our intent to report back to the Board on the "request no pick-up" rate in January 2007.

Claudia Vestal, President Santa Cruz County Family Child Care Association 1813 Chanticleer Avenue Santa Cruz, CA 95062

Dear Ms. Vestal:

I write behalf of the Library Joint Powers Authority Board to thank you most sincerely for honoring the Library's **Read to Me!** project, and for your generous donation to the project's work.

Frankly, I can't think of another program the Library has initiated in which the people we have worked with have been more receptive, the staff has learned more, the results have been more satisfying, and we have had more fun. Whether it was visiting homes to work with the providers and the children or organizing the workshops, the staff always felt that the project was useful to the participants and successful for all of us.

We are glad we are going to be able to continue aspects of **Read to Me!** as part of the Library's regular services and we are very grateful for the help we have received from the members of the Family Care Association. Thank you so much.

Sincerely,

Anne M. Turner

RE: OPTIONS FOR FUNDING CAPITAL PROJECTS

INFORMATION—NO ACTION REQUIRED

Step 7 in the Library Financial Planning Process is:

Consider and choose options for adding funding for capital projects. Director of Libraries would develop list for funding options.

This step was supposed to be taken in April 2006, but what with one thing and another, we have not been able to schedule it. There are a variety of unknowns related to the Library's list of major capital projects, but the Board might like a summary of the options anyway.

Working with the Assistant County Administrator, I have developed the following list:

General Obligation Bonds

This is a method of borrowing money that raises the payback funds by assessing all county property in an amount determined by the size of the bond (\$20 million? \$25 million? etc.), its term (25 years? 30 years?), and the interest rate at the time the bond is sold. Supermajority approval by the voters is required. G.O. bonds might be suitable as a way of raising funds for the Central Branch/HQ facility or for construction of the Felton Branch.

Revenue Bonds

Revenue bonds are used to finance projects for entities that have guaranteed sources of money with which to pay back the loan. For example, a water district that charges monthly fees could pay for its new wastewater treatment plant by selling revenue bonds. No voter approval is required. The Library System has guaranteed revenue, but not for the term of a typical revenue bond.

Community Facilities Districts or Mello/Roos Districts

A CFD can be created to pay for a facility or project that will benefit a particular geographic area. Funds for the project are raised via a parcel tax or a real estate assessment. A supermajority vote of the people within the proposed District is required. A Community Facility District might be a suitable way to pay for a neighborhood branch library.

Certificates of Participation or Lease Purchases

This is a method for borrowing a smaller amount of money (\$750,000, \$1.5 million etc.) and paying it back at a fixed rate over a short period of time, such as five years. The Library System has borrowed money for major projects in this way three times: \$2,577,457 in 1997, \$493,914 in 2000, and \$750,000 in 2001. Our last payment on these debts (\$89,561) will be made in FY 2006-07. We used the money for the 1997 automation system upgrade, expanding the Scotts Valley Branch, purchasing the bookmobile, asbestos abatement at Central, the Garfield Park Branch renovation, and various smaller projects.

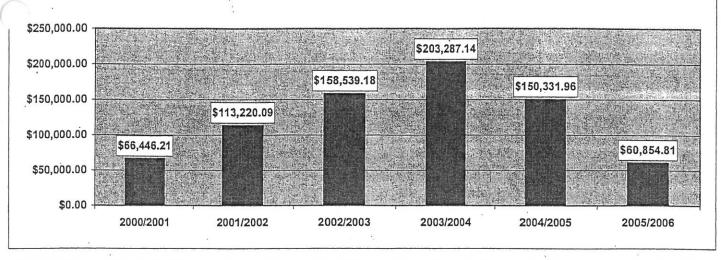

Proposition 81 Bonds for Library Construction

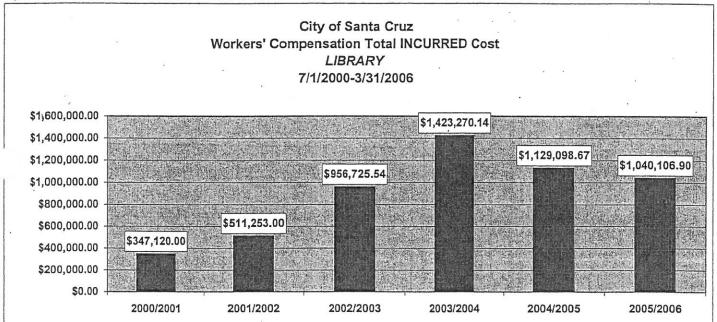

If Proposition 81 passes on June 6, 2006 \$300 million will be available from the State for library construction projects. The Bond authorization is for \$600 million, but the first \$300 million is reserved for un-funded applications in the last round. A local match of 35% is required, and joint projects with schools are encouraged. There are some caveats about this money:

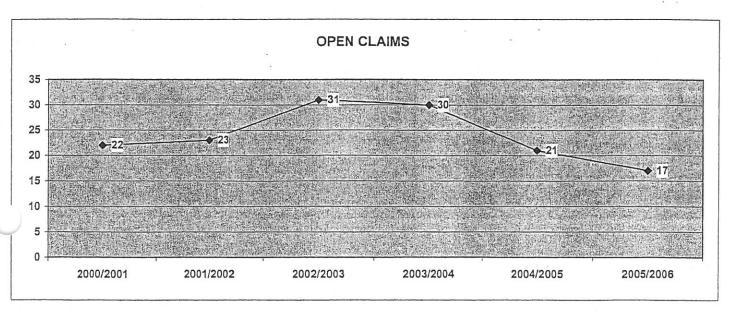

- Competition for funds will be extremely intense.
- It has generally been taking at least \$100,000 to put together a competitive proposal: for consultants, needs assessment, etc. This money may not be part of the 35% local match.
- It will be at least two years before new applications are invited (perhaps longer), and then the evaluation process will be lengthy.

RE: CLASSIFICATION STUDY

RECOMMENDATION: That by motion the Board direct the Director of Libraries to undertake a classification and job specification study of certain library positions during FY 2006-07, working with the City Human Resources Department and a staff task force as appropriate.

BACKGROUND

At its May 8, 2006 meeting the Board asked me to suggest how the staff might undertake a classification study during FY 2006-07, the object of which would be to clarify library duties in a changing library world. The Board agreed that this might lead to a compensation study as well, but that the priority should be examining job specifications. Members suggested that we take a "one group at a time" approach, and asked me to indicate which positions I feel are the highest priority for assessment.

STRUCTURE OF THE LIBRARY STAFF

The Table below shows the current Library positions, along with information on the number of employees in each category, and some notes.

PROPOSAL FOR ACTION

The Management staff believes that five positions have the highest priority and should be looked at together:

Senior Library Assistant Library Assistant Library Clerk Circulation Supervisor Circulation Aide

We did some serious work on this back in 2001. I would like to review that material, and work with a staff Task Force on developing a recommendation for a classification plan and the job specifications that go with it, consulting with the Human Resources Department as required.

REVENUES:

The Assistant County Administrator has revised the estimates for FY 2005-06 revenues, increasing the amount by \$113,943. This will provide us with an unappropriated surplus of \$587,607, to be carried over to FY 2006-07. Estimates for FY 2006-07 have also been adjusted in light of the population figures released by the State Department of Finance. The Library System's share is reduced by \$6,495. Total June Estimate Revenues are \$12,124,077 vs. the \$11,984,120 figure in the January Estimate. The LFA information is summarized on Page 1 of the [yellow] budget revision materials

EXPENDITURES:

The following notes or changes have been made to the document presented in May.

Personnel:

- At the Board's request a memorandum regarding adding open hours at the Felton Branch is presented. It follows these Notes.
- Group Health Insurance figures have been increased to include an assessment by the City that offsets the operating costs of the internal service fund. The total amount is \$51,752, spread across all Activities, based upon the number of employees.
- Page 3A shows all Personnel Costs, broken down by salaries and benefits. These figures include the added costs for new, upgraded, or added hours for employees. Page 3B, Exhibit A, is the summary of new or added personnel costs.

In addition, the Board asked to know the workers compensation rates per \$100 of salary. The City Finance Department has supplied the following, which it says is based upon the "latest actuarial recommendations."

	FY 2006	FY 2007
Clerical	4.82	4.03
Library	7.08	7.09
Municipal	5.46	5.97
Labor	8.64	8.96

Supplies and Services:

- Object 52201 (p. 10-11) Water/Sewer/Refuse: Decreased by \$3,690. In the May Draft the anticipated charges for water at the Live Oak Branch were more than double those for the Central Branch. The Board requested a staff check, which revealed that billing for accounts outside the City is bimonthly, whereas City billing is monthly.
- Object 53246 (p.16-17) Building Operations & Maintenance: Increased by \$8,400 to cover the cost of First Alarm night security services at the Central Branch and Headquarters.
- Object 52247 (p. 18) Landscape Maintenance Services: Increased by \$550 for one-time interior plant refreshment/upgrade at the Central Branch.
- Object 54990 (p. 48) Misc. Supplies/Services: At the direction of the Board, funds have been added (\$3,000) for adult training and programming.

Capital Projects:

• 3510-57203 (p. 5) Building Remodeling: \$6,000 added

Ecology Action/RightLights, Inc. has proposed changes in the lighting at every Branch except Live Oak, for a total cost of \$15,268.54. Their projected energy savings is \$15,756.17, paid back within one year. The original draft budget had proposed \$10,000 for this project. It seems sensible to increase the amount if funds are available.

In addition, I asked RightLights, Inc. to estimate upgrading the lighting fixtures at the La Selva Beach Branch, which are quite unattractive. They propose modifying the existing lights for an added cost of \$3,259. Our intent is to ask the La Selva Beach Recreation District, which owns the building, if it could pick up this cost or a share of it.

3520-57401 (p. 5) Office Furniture/Equipment: \$27,000 added

The Board directed that money be incorporated in the budget to demonstrate "good faith" in the proposals made by staff at Staff Morning. \$22,000 has been added for signage and \$5,000 for Reference Service Changes, primarily at the Central Branch

FR: DIRECTOR OF LIBRARIES

RE: ADDING FELTON OPEN HOURS

BACKGROUND

The Board requested that I develop an estimate for adding additional open hours at the Felton Branch Library. This would require adding additional staff, and would increase the Personnel budget by at least \$32,333.

Staff believes it is important to consider the proposal in the context of other library services in the San Lorenzo Valley, since that is the approach we took when we were forced to cut open hours in 2003-04. And lest we forget the truly bad old days, let it be noted that in 1996-97 the Felton Branch was open only 30 hours per week and Boulder Creek only 33 hours. With the passage of Measure B we were able to increase the open hours at both facilities to 45 per week, where they remained until 2003-04.

In FY 2004 revenue shortfalls required us to cut staff and thus open hours at both San Lorenzo Valley Branches, down to 37 per week. We also cut open hours at Branciforte (51 to 45), Capitola (45 to 42), Garfield Park (33 to 32), La Selva (35 to 31), Live Oak (49 to 48) and Scotts Valley (49 to 48).

The current branch schedules are listed below. Note that the open hours were arranged to ensure that there was service somewhere in the Valley on Monday and on Saturday, and during all weeknights except Friday. One reason for picking Boulder Creek for Saturday opening is that it is ADA accessible, which the Felton Branch emphatically is not.

Current Felton Schedule:

Monday and Wednesday:

11am to 8pm

Tuesday and Thursday:

11am to 6pm

Friday:

Noon to 5pm

Saturday and Sunday:

Closed

Current Boulder Creek Schedule:

Monday:

Closed

Tuesday and Thursday:

11am to 8pm

Wednesday:

11am to 6pm

Friday:

Noon to 5pm 10am to 5pm

Saturday: Sunday:

Closed

Current Staffing Levels:

Felton Branch: 1 Senior Library Assistant Branch Manager

1 Library Assistant for Youth Services

.5 Library Clerk

520 On-Call substitute hours

1,000 Paging Hours @ 19 per week

In FY 2003-04 a .5 Library Clerk was cut and open hours reduced

Boulder Creek Branch: 1 Senior Library Assistant Branch Manager

1 Library Assistant for Youth Services

.5 Library Clerk

520 On-Call substitute hours

1,307 Paging Hours @ 25 per week

In FY 2003-04 a .5 Library Clerk was cut and open hours reduced

Why are there more Paging hours assigned to Boulder Creek? Because it is bigger (4,600 square feet vs. 1,250 square feet at Felton), the collection is thus considerably larger (29,174 items vs. 18,622), and checkouts are higher (average of 1,000 more per month).

COST OF ADDING STAFF AT FELTON OR BOULDER CREEK OR BOTH:

A minimum of .5 Library Clerk plus 416 additional hours of paging (8 per week), and added Substitute hours for the Clerk would be required at each facility to add an additional 8 open hours. This would get the Branches back to the 45 hrs/week level. We require two workers in a building at all times; this staffing array will compromise that during breaks and lunch hour.

.5 Library Clerk: \$25,244 (includes benefits etc.) 416 Paging Hours @ \$12.68/hr = \$5,275.00 104 Sub Hours @ \$17.45/hr = \$1,815.00

Total per Branch: \$32,333.00

Total for both Branches: \$64,666.00

Could volunteers be substituted for the Paging Hours? SEIU now represents all our Temporary workers, and may object to union work being taken over by volunteers.

ADDING SATURDAY HOURS AT FELTON

If the Board decides that we cannot afford to add additional open hours to the San Lorenzo Valley branches at this time, it may be that the Felton community will wish to revisit the issue of the Branch schedule. As was noted above, we picked a Saturday closing for Felton in the context of both the Boulder Creek and Scotts Valley Branch schedules.

Caveat: Union rules require that regular employees have two successive days off. If a Branch can only operate five days per week, this usually means that it is closed Sunday in combination with either Saturday or Monday.

The Library staff is glad to consider a different approach: being open on Saturday and Sunday and closed on two other (successive) days during the week. The Sunday hours could only be 1pm to 5pm (when the Central Branch is open) so additional evening hours would be added on some other weekday.

Proposal: Why don't we poll the Felton Branch users and others and ask what schedule they would prefer? We'd need the help of the Felton Friends to cover non-library sites, but this is something we could do in June.
