LIBRARY CLOSURE

Head's up! The Library will be closed on March 27th for a system-wide technology upgrade.

What does this mean? All library branches will be closed to the public and our online catalog & resources will be offline and unavailable.

Why is the library closed? We are upgrading our library management system (the database that manages all of our books, e-content, patron records, etc.) and moving to a more secure and better functioning system.

Visit us online to learn more.
