Here's What You Need

BUSINESS LICENSES

Licenses are required for most businesses. Business owners should contact the licensing department for each city in which the business is located or being operated. If your business will be based in one city, but you plan to operate in several cities, you may need a license from each city. To be sure, check with the tax and license division in each city where you intend to operate. Phone numbers and web addresses for business license offices in Santa Cruz County are:

- **Santa Cruz (city)**, 420-5070 or <http://www.cityofsantacruz.com/government/city-departments/finance>
- **Capitola**, 475 7300 or <http://www.cityofcapitola.org/finance/page/business-licenses>

Individual downloadable brochures entitled **License & Permit Information** are available for Santa Cruz and Monterey Counties from the [Santa Cruz Small Business Development Center's website](#).

COUNTY PERMITS

The County of Santa Cruz also has restrictions and requires permits on some types of businesses operating in the unincorporated as well as incorporated areas. Because the regulations change from time to time, it is recommended that you contact the County Planning Department, 454-2580, to determine if a permit is required before opening your business. The most common businesses requiring permits from other departments are: ambulance, card rooms, bingo, food establishments, garbage collection, kennels, organized camps, pet shops, public swimming pools and target ranges.

ZONING REQUIREMENTS

You should contact the Planning (or Building) Department of the city for businesses in incorporated areas, or the County Planning Department for businesses in unincorporated areas, to make certain that your business location is zoned for your particular type of business. The phone numbers are as follows:

- Santa Cruz County, 454-2130 (Mon - Thu: 8 am - Noon for walk-in service; 1-4 pm for telephone inquiries)
- Santa Cruz City, 420-5100 (Mon - Thurs: 7:30am - Noon for walk-in service; 1-3 pm for telephone inquiries)
- Capitola, 475-7300 (also available online: <http://www.codepublishing.com/ca/capitola/>)

- Scotts Valley, 440-5630 (Mon - Thurs: 8am - Noon)
- Watsonville, 768-3050

STATE LICENSES

In addition to the licenses and permits mentioned above, certain professions and businesses require state licenses. A few of the more common are: automobile repair shops, bars, liquor stores, electrical appliance repair shops, contractors, cosmetologists, insurance sales, collection agencies, real estate sales, lawyers, and medical professionals. The [California Department of Consumer Affairs](http://www.breeze.ca.gov) provides information to the public about the more than 150 professional license types which it issues, and also offers online licensing services (<https://www.breeze.ca.gov>). The California Business Portal features information about the state's permit, licensing and business/professional registration requirements plus a wide variety of helpful resources for starting, financing, expanding, or relocating a business in California (<http://www.businessportal.ca.gov>).

FICTITIOUS BUSINESS NAME

A fictitious business name is one that does not include the surname of the individual owner and each of the partners **or** the nature of the business is not clearly evident by the name. Those who do need to file should do so within the first 40 days of doing business. You can get further information from the Santa Cruz County Clerk's Office, 701 Ocean Street, Room 210, Santa Cruz 95060, 454-2060 (Mon - Fri, 8 am - 5 pm); you can download the necessary forms or do an online business name search from the office's website (<http://www.sccoclerk.com/CountyClerkHome/FictitiousBusinessNames.aspx>).
